2x C19 to C20 Y Splitter Heavy-Duty Power Extension Cord - 20A, 100-250V, 12 AWG, 6 ft., Black

MODEL NUMBER: **P036-006-2C19**

C19-to-C20 splitter allows 2 devices with C20 inlets to share one AC power input cord and one C19 outlet on a PDU or UPS system.

Features

Heavy-Duty Y-Style Splitter Cable Connects 2 Devices with C20 Inlets to One C19 Outlet
This heavy-duty splitter extension cord features 12 AWG wire suitable for high power connections, making it a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. This cord features a C20 plug for connecting to an AC power source and two C19 pigtails for connecting to devices. By connecting two devices to one outlet, the power cord splitter frees up space in a PDU, UPS system or surge protector and helps reduce cable clutter. The six-foot length allows you flexibility in placing equipment with respect to the power outlet.

Dual IEC Cable Powers a Wide Variety of Essential Electronics
With this 20A power splitter, a single C19 outlet can power two high-output devices, such as servers, routers, blade server chassis and other equipment compatible with a C19 connector. Ideal for areas where AC outlets are limited, such as rack cabinets, this cable is compatible with Tripp Lite power and extension cords.

Highlights

- Connects 2 devices to one AC outlet to save space and reduce cable clutter
- Recommended for powering servers, routers and other high-output network devices
- 6 ft. length allows flexibility in placing devices in relationship to AC outlet
- C20 to C19 cord replaces or upgrades standard power cord provided by manufacturer
- Thick 12 AWG wire gauge manages high power levels required for larger equipment

Applications

- Connect 2 devices like high-power servers, routers and blade server chassis to one power outlet up to 6 ft. away in your network setup
- Save space in a 0U vertical rack-mount PDU by plugging two rack devices into one outlet
- Update or replace the standard power cords provided by your devices' original manufacturer
